

100 ACRE WOOD

FAMILY RECREATION AREA

"Supporting literacy initiatives
in Northern New England"

Welcome to our trail system, developed for the purpose of education and recreational opportunities. Designed with the following in mind: Walking, X-C Skiing, Snowshoeing, Mtn. Biking, Maple Sugaring and Nature Observation.

This area is private land owned by the Believe in Books Literacy Foundation, we ask all users to register at the office for a day or season pass. The development of this area requires a great deal of energy and resources, being funded only by trail pass revenue and kind donations. Please respect our efforts and property, and mostly respect the flora and fauna as you find it.

Thank you... enjoy!
